

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust (Max 500 words) [2018-19]

The Mission, Vision and Objectives of the institution clearly points towards a value based education system based on the curriculum of Cluster University Srinagar combining it with the core values of the institution.

The focus is on skill development, career oriented programs, industry visit, industry - academia interaction and college have brought all these aspects under curriculum implementation and enrichment. Special attention is given to weak students especially belonging to SC/ST, OBC and minority groups. The students of the institution are not only guided to achieve excellence in the education but are thoroughly equipped with the knowledge of social perseverance and environmental sustainability. The institution lays special emphasis on students understanding of current environmental crisis and through its various plantation drives urging them to become eco-friendly citizens.

A couple of important initiatives were taken at the institution towards skill-based education by the establishment of Skill Development Centre having a fully equipped Skill Lab offering Certificate Course on GST at the onset. The establishment of Skill Development Centre by the college was a much needed initiative to equip the students for their future. With a distinctive vision to impact the society, the centre provides the required skills for immediate employment of the students enrolled for the course.

This is a big step towards reduction of the problem of educated unemployed youths in the UT of J&K. By allowing the students to pursue their dreams with a sense of direction, the centres help those with a view to build their careers in the selected areas. MOUs have been signed with mentor institutions like the Institute of Cost Accountants of India and The Institute of Company Secretaries of India to offer skill-based courses alongwith internships to the students. The curriculum for the Certificate Course in GST has been designed and approved by the Institute of Cost Accountants of India. On completion of the six-month course, the Certificates will be given to successful students which will provide a springboard for self-employment and jobs in related industries.
